

DOCTOR OF PHILOSOPHY (PHD) DEGREE IN THE FIELD OF SOCIOLOGY

Program Learning Outcomes for the MA and PhD Degrees in the field of Sociology

Upon completing the MA and PhD degrees in the field of Sociology, students will be able to:

1. Understand and apply the role of theory in sociology.
2. Demonstrate understanding and application of both qualitative and quantitative sociological methods.
3. Demonstrate expertise in at least two specialty areas within sociology.

Requirements for the MA and PhD Degrees in the field of Sociology

For general university requirements, please see [Doctoral Degrees](https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-doctoral-degrees/) (<https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-doctoral-degrees/>). For additional requirements, regulations, and procedures for all graduate programs, please see [All Graduate Students](https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-all-degrees/) (<https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-all-degrees/>). Students pursuing the MA and PhD degrees in the field of Sociology must complete:

- A minimum of 90 credit hours to satisfy degree requirements

The PhD program is a five-year degree program. The Sociology department does not admit students seeking only a master's degree. The MA degree is a thesis master's degree. For general university requirements, please see [Thesis Master's Degrees](https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-thesis-masters-degrees/) (<https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-thesis-masters-degrees/>). For additional requirements, regulations, and procedures for all graduate programs, please see [All Graduate Students](https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-all-degrees/) (<https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-all-degrees/>). Students will normally obtain a master's degree after two years of study and research as a student progresses toward the PhD, and will usually need an additional three years to complete the requirements for a PhD. The coursework is sequenced and will typically be completed in two and a half years. By this point, students should have written their Master's thesis and completed their Master's degree. Students generally take one comprehensive exam soon after completing the Master's degree and complete their dissertation in the next two years. Each student will attend a Teaching and Professionalization Workshop approximately ten times during each semester for the first two years.

The requirements listed in the General Announcements (GA) satisfy the minimum requirements for this degree program. In certain instances, courses (or requirements) not officially listed here may be substituted upon approval of the program's academic advisor, or where applicable, the department or program's Director of Graduate Studies. Course substitutions or any exceptions to the stated official curricular requirements must be approved by the [Office of Graduate and Postdoctoral Studies](https://graduate.rice.edu/) (<https://graduate.rice.edu/>). Students and their

academic advisors should identify and clearly document the courses to be taken.

Policies for the PhD Degree in the field of Sociology

Department of Sociology Graduate Program Handbook

The General Announcements (GA) is the official Rice curriculum. As an additional resource for students, the department of Sociology publishes a graduate program handbook, which can be found here: https://gradhandbooks.rice.edu/2023_24/Sociology_Graduate_Handbook.pdf

Admission

Students are admitted on a competitive basis. Admitted students must have a Baccalaureate degree (BA or BS) or equivalent, a minimum 3.00 (B) GPA in undergraduate work, and the intent to complete a PhD in sociology. We consider GRE scores (optional; only considered if submitted), undergraduate GPA, letters of recommendation, writing samples, a personal essay, and professional experience when making admission decisions for the PhD program. We strongly encourage applications from women and minority groups.

The Sociology department does not admit students seeking only a masters degree. The Master of Arts degree is earned as a student progresses toward the PhD. Students who currently hold a Master's Degree are welcome to apply. However, PhD students must complete four semesters of residency and coursework at Rice University. At the department's discretion, some credits may transfer from other graduate programs.

Transfer Credit

For Rice University's policy regarding transfer credit, see [Transfer Credit \(https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-all-degrees/#transfer\)](https://ga.rice.edu/graduate-students/academic-policies-procedures/regulations-procedures-all-degrees/#transfer). Some departments and programs have additional restrictions on transfer credit. Students are encouraged to meet with their academic program's advisor when considering transfer credit possibilities.

Departmental Transfer Credit Guidelines

Students pursuing the PhD degree in the field of Sociology should be aware of the following departmental transfer credit guidelines:
